Reference

For services in the following categories, reference the provider type shown:

Category	Reference
Ear and Throat	See Otolaryngology
Family Physician	See General Practice, Family Practice, Internal Medicine
Supplies	See Ancillary Providers

If your doctor is in our Blue Network E directory, please check to see if:

- He or she participates under the appropriate specialty for your health care needs
- The practice or facility where you see your provider is in Blue Network E

Example: Your doctor may be in this Blue Network E directory under the specialty of Emergency Medicine. However, if he or she is a family practitioner, please check to see if your doctor is still in Blue Network E under Family Medicine. Also, verify that the practice or facility is in the network, too.

The helpful Index at the back of this directory can help simplify your search.

Important Information

What is a provider network?

A provider network is a distinct group of doctors, hospitals and other health care providers who have contracted with BlueCross BlueShield of Tennessee. The network includes doctors, health care practitioners, rehabilitation facilities, skilled nursing facilities, durable medical equipment suppliers, independent labs, hospices, home health agencies and other participating providers in Tennessee and some bordering counties.

Network providers are committed to holding down costs while maintaining an appropriate level of quality care. They have agreed to follow guidelines that encourage using appropriate alternatives to costly inpatient hospitalization.

These providers have also agreed not to bill you for:

- Services that are considered non-medically necessary
- Inpatient services and certain outpatient services that are not authorized prior to admission
- Any amounts above BlueCross' maximum allowable charge, other than member coinsurance, deductibles and copayments.

Finally, network providers have agreed to accept discounted fees for their services. These discounts not only enable your health plan to cover a larger portion of the claims providers submit, but they also reduce your share of the bill.

About Blue Network E

When it comes to using your health care benefits, you can save on health care costs by staying in network. By going to a list of Blue Network E doctors and hospitals, you pay lower copays and avoid other out-of-network costs.

Get the Most Out of Your Benefits:

- It's important to always make sure your doctor or hospital is in Blue Network E. All of our networks include quality doctors and hospitals that meet our strict requirements.
- If you use a doctor or hospital not in Blue Network E, you will pay more for your care and BlueCross will pay less. This applies even in an emergency situation.
- While most providers will notify their patients if they leave our networks, you should always make sure your doctor is in your network before you make your next visit.
- For the most up-to-date listing of providers:
  - Visit **bcbst.com** and use our Find a Doctor tool.
  - Call us at **1-800-565-9140.**
  - Download the myBlue TN℠ app on your smartphone from the App Store® or Google Play®, then enter the information from your BlueCross Member ID card.
- If you do not use a Blue Network E provider, you will:
  - Pay a higher deductible, copay or coinsurance for out-of-network providers.
  - Pay the difference between what the doctor charges for care and what BlueCross agreed to pay (also known as balance billing). To avoid higher costs, confirm your doctor, hospital or urgent care center is in your network before receiving care.

Important Information

Here's an example of how you pay more with OUT-OF-NETWORK providers:

Hospital Bill:	$20,000
Blue Network Discount:	**NONE**
Maximum Allowable Charge:	$11,000

BlueCross Pays:	**($6,600)**
(60 percent* of the Maximum Allowable Charge)	
You Pay:	$13,400
(40 percent of the $11,000 Maximum Allowable Charge, plus $9,000 difference in the hospital's billed charge and the Maximum Allowable Charge)	

Here's an example of how you avoid paying more with IN-NETWORK providers:

Hospital Bill:	$20,000
Blue Network Discount:	**($9,000)**
Maximum Allowable Charge:	$11,000

BlueCross Pays: Applies only after member deductible is met (if applicable).	**($8,800)**
(80 percent* of the Maximum Allowable Charge)	
You Pay:	$2,200
(20 percent of the $11,000 Maximum Allowable Charge)	

- **This is an example. Your plan may be different.*

Finding a provider in your network

- To Find a Doctor, hospital or other health care provider using this directory, simply:
- Turn to the appropriate provider section (Physicians, Facilities, Rehabilitation, Urgent Care Centers, Retail Convenient Care Clinics, Medical Services, Independent Laboratories, Behavioral Health Providers or Pharmacies), or look up your provider by name in the Index.
- Depending on the section, providers are listed alphabetically within various categories such as specialty, county, facility type and provider name.
- Providers are added to networks daily, so it's important to check if a provider participates in Blue Network E before accepting services from them.
- For the most up-to-date listing of providers, visit bcbst.com and click on the Find a Doctor tool.

Using a provider network

Here are some tips to consider when visiting a BlueCross network provider.

- Show your BlueCross Member ID card each time you see a network provider. Your Member ID card has helpful information such as copay amounts, if applicable, and your plan's network distinction (Blue Network E).
- Before requesting services from any health care provider, make sure he or she is in Blue Network E. Be specific when asking providers if they participate in your network – specifically ask if they participate in Blue Network E.
- Accepting services from providers who are not in Blue Network E means you will pay higher out-of-pocket costs.
- Do not assume your doctor will only refer you to specialists, hospitals and/or other health care providers in Blue Network E. Make sure all of your referred providers are in Blue Network E before accepting services from them.

Important Information

For services outside of Tennessee

- Call 1-800-810-BLUE if you are outside of Tennessee to find a network provider. This number is on the back of your Member ID card.

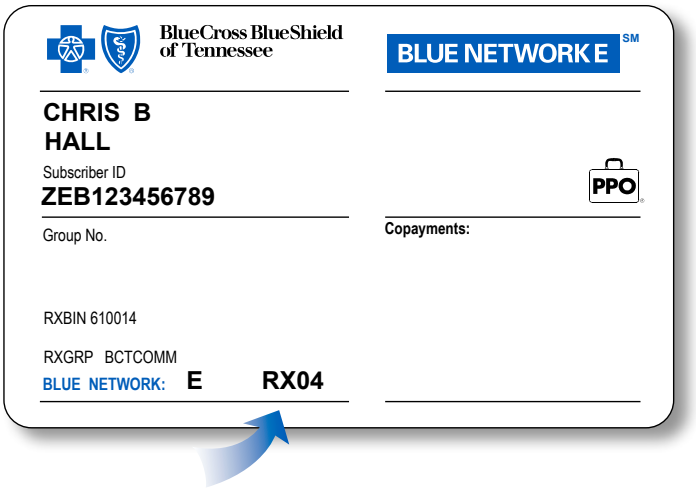
Please consider...

- Providers join and leave every day, which means information in this directory can change. Please call before receiving services.
- For the most current listing of providers, visit bcbst.com.
- Make sure your provider belongs to Blue Network E before accepting care.
- For more details about your health plan, please look at your Evidence of Coverage (EOC) or policy online by logging in to BlueAccess℠.
- BlueCross does not provide or endorse services from participating providers, nor guarantee a provider's quality of service. Listing in this directory does not mean that BlueCross and participating providers are employer and employee, principal and agent, or any relation other than that of independent parties.

Pharmacy

Participating pharmacies belong to a specific network (example: RX04). To receive the highest level of benefits from your pharmacy plan, choose only those pharmacies that participate in your plan's specific pharmacy network. Purchasing prescription drugs from out-of-network pharmacies will mean that you will pay higher out-of-pocket costs.

To find your plan's pharmacy network (example: RX04), look on the front of your BlueCross Member ID card.



Physicians

In the directory, the doctor's area of specialization is shown to help you pick a doctor. However, BlueCross does not endorse or guarantee a doctor's education, skill or experience in a particular area of medical practice.

Network doctors have agreed to provide patient services seven days a week, 24 hours a day. If you call the office and your doctor is out, there will be a doctor covering or a doctor on call for patient care. This doctor will be able to help you in place of your regular doctor.

Some doctors have "Extended Hours Available" noted after their name. This identifies the doctors' offices that are open longer than normal business hours. Please check with the doctor's office for details.

Remember:

- Doctor status is subject to change.
- The information in this directory is subject to change. As is the case with any paper directory, the providers' participation in the network is accurate only up to the time the directory is updated and printed.
- Providers join as well as leave the network. In addition, hospital-based doctors are excluded from this directory because of their internal non-credentialed status. Credentialing of hospital-based doctors is the responsibility of the facility in which they practice. It's very important to verify health care professionals' and facilities continued participation in the network by calling the provider's office before you receive care.

To verify that a doctor is still participating in Blue Network E you can:

1. Call the Member Service number on your ID card.
2. Visit **bcbst.com** and use the Find a Doctor tool. Choose the type of provider you need, then select Blue Network E. We update this list daily.
3. Download the myBlue TN app on your smartphone from the App Store or Google Play, then enter the information from your BlueCross Member ID card.

Facilities

Many Acute Care Facilities also provide Independent Laboratory, Rehabilitation and Sleep Disorder Services. Inpatient care for mental health and substance abuse treatment will be provided through a special network. Please refer to the Behavioral Health Providers section for a listing of practitioners in the network.

Remember:

- Provider status is subject to change.
- Providers listed in this directory are verifiable only up to the time the directory is printed.

To verify that a provider is still participating in Blue Network E you can:

1. Call the Member Service number on your ID card.
2. **Visit bcbst.com** and use the Find a Doctor tool. Choose the type of provider you need, then select Blue Network E. We update this list daily.
3. Download the myBlue TN app on your smartphone from the App Store or Google Play, then enter the information from your BlueCross Member ID card.

Rehabilitation

Please reference the Facilities section for additional providers that may provide rehabilitation services.

Inpatient care for mental disorder and substance use disorder treatment will be provided through a special network. Please refer to the Behavioral Health Providers section for a listing of practitioners in the network.

Remember:

- Provider status is subject to change.
- Providers listed in this directory are verifiable only up to the time the directory is printed.

To verify that a provider is still participating in your Blue Network you can:

1. Call the Member Service number on your ID card.
2. Visit bcbst.com and use the Find a Doctor tool. Choose the type of provider you need, then select Blue Network E. We update this list daily.
3. Download the myBlue TN app on your smartphone from the App Store or Google Play, then enter the information from your BlueCross Member ID card.

Urgent Care Centers

(Listed alphabetically by county)

Urgent care centers offer BlueCross members an alternative to the emergency room when seeking immediate medical care due to unexpected illness or injury.

Urgent care centers offer additional convenience:

- Open weekdays until at least 6 p.m.
- Open Saturdays for at least three hours
- Walk-ins are welcome and will be seen the same day.

When using an urgent care center, benefits are similar to a physician office visit. For example, if an office visit copay applies to a member's coverage, then the same copay will apply to an urgent care center visit.

Remember:

- Provider status is subject to change.
- Providers listed in this directory are verifiable only up to the time the directory is printed.

To verify that a provider is still participating in your Blue Network you can:

1. Call the Member Service number on your ID card.
2. Visit **bcbst.com** and use the Find a Doctor tool. Choose the type of provider you need, then select Blue Network E. We update this list daily.
3. Download the myBlue TN app on your smartphone from the App Store or Google Play, then enter the information from your BlueCross Member ID card.

Retail Convenient Care Clinics

Convenient care centers are health care clinics located in retail stores, supermarkets and pharmacies that treat uncomplicated minor illnesses and provide preventive health care services. They are sometimes called “retail-based clinics” or “walk-in medical clinics.” Convenient care centers are usually staffed by nurse practitioners or physician assistants, but doctors staff some convenient care centers.

Medical Services

For Medical Supplies, please reference Durable Medical Equipment (DME) Suppliers.

Please reference the Facilities section for additional providers that may provide rehabilitation services. Inpatient care for mental health and substance abuse treatment will be provided through a special network. Please refer to the Behavioral Health Providers section for a listing of practitioners in the network.

Remember:

- Provider status is subject to change.
- Providers listed in this directory are verifiable only up to the time the directory is printed.

To verify that a provider is still participating in your Blue Network you can:

1. Call the Member Service number on your ID card.
2. Visit **bcbst.com** and use the Find a Doctor tool. Choose the type of provider you need, then select Blue Network E. We update this list daily.
3. Download the myBlue TN app on your smartphone from the App Store or Google Play, then enter the information from your BlueCross Member ID card.

Independent Laboratories

The Independent Laboratories section refers to providers who are equipped for laboratory testing and analysis.

Remember:

- Provider status is subject to change.
- Providers listed in this directory are verifiable only up to the time the directory is printed.

To verify that a provider is still participating in your Blue Network you can:

1. Call the Member Service number on your ID card.
2. Visit **bcbst.com** and use the Find a Doctor tool. Choose the type of provider you need, then select Blue Network E. We update this list daily.
3. Download the myBlue TN app on your smartphone from the App Store or Google Play, then enter the information from your BlueCross Member ID card.

Behavioral Health Providers

Benefits for mental health providers' services vary by individual employer group or contract. Please consult your EOC or policy for additional information regarding covered services.

Remember:

- Provider status is subject to change.
- Providers listed in this directory are verifiable only up to the time the directory is printed.

To verify that a provider is still participating in your Blue Network you can:

1. Call the Member Service number on your ID card.
2. Visit **bcbst.com** and use the Find a Doctor tool. Choose the type of provider you need, then select Blue Network E. We update this list daily.
3. Download the myBlue TN app on your smartphone from the App Store or Google Play, then enter the information from your BlueCross Member ID card.

Pharmacies

Participating pharmacies belong to a specific network (example: RX04). To receive the highest level of benefits from your pharmacy plan, choose only those pharmacies that participate in your plan's specific pharmacy network. Purchasing prescription drugs from out-of-network pharmacies will result in higher out-of-pocket costs.

To locate your plan's pharmacy network distinction (example: RX04), look on the front of your BlueCross Member ID card.

Remember:

Provider status is subject to change at any given time. Therefore, it's important to make sure that your pharmacy participates in your plan's specific pharmacy network every time you have prescriptions filled. Just asking if they accept BlueCross insurance is not specific enough. Be sure to ask if that particular pharmacy belongs to your plan's pharmacy network.

Providers listed in this directory are verifiable only up until the time the directory is printed. To verify that a provider is still participating in one of the two BlueCross pharmacy networks, you can:

1. Call the Member Service number on your ID card.
2. Visit **bcbst.com** and use the Find a Doctor tool. Choose the type of provider you need, then select Blue Network E. We update this list daily.
3. Download the myBlue TN app on your smartphone from the App Store or Google Play, then enter the information from your BlueCross Member ID card.
