Simple shots and vaccines can protect your child from disease and illness. Your doctor can tell you the shots that are needed at certain times and ages.

Keeping your child healthy helps prevent childhood disease and medical problems. And helps keep costs down for you and everyone in your health plan.

Talk to your doctor about your child's health. Make sure your child gets the right shots at the right time. Choose to protect your child and your family. For other ways to stay healthy and keep your health care costs down, see your Benefits Manager or visit www.bcbst.com.
