

Preferred Pharmacy Pricing

For Preferred Pricing, Show Your ID Card at Participating Pharmacies

Although your plan does not provide insurance benefits or coverage for prescriptions, you can save money by using our preferred pricing arrangements at participating pharmacies. Just show your BlueCross BlueShield of Tennessee ID card at the pharmacy, along with your prescription. Your pharmacist will charge you the preferred price for your medication.

Save More with Generic Drugs

Generic drugs offer the best value. On average, generics cost 50 percent less and produce the same results as comparable brand-name drugs. When your doctor writes your prescription, ask about using a generic drug.

Participating Pharmacies

The following list shows the Tennessee pharmacies that offer preferred pricing when you present your ID card. This list is subject to change. Please check with your pharmacy to verify participation.
