

## Drugs Available In Up To A Three-Month Supply

To treat certain diseases or medical conditions that are considered chronic, long-term and stable, drugs on the Maintenance List can be dispensed in up to a 90 to 100-day supply, depending on the member's pharmacy plan. Generic drugs are shown in lowercase letters; brand name drugs are capitalized. Generic equivalents are followed by the brand name drug in parentheses. Branded drugs with a ## are coded as generics. A current listing may be viewed anytime on the Web site at [www.bcbst.com](http://www.bcbst.com).
