This notice is to advise you of information regarding the *TennCare Pharmacy Program*.

Please forward or copy the information in this notice to all providers who may be affected by these processing changes.

This notice is being sent to summarize the upcoming PDL changes for the TennCare pharmacy program. We encourage you to read this notice thoroughly and contact First Health's Technical Call Center (866-434-5520) should you have additional questions.

PREFERRED DRUG LIST (PDL) FOR TENNCARE EFFECTIVE 7/02/07:

TennCare is continuing the process of reviewing all covered drug classes. Changes may occur to the PDL as new classes are reviewed and previously reviewed classes are revisited. As a result of these changes, some medications your patients are now taking may be considered non-preferred agents in the future. Please inform your patients who are on one of these medications that switching to a preferred medication will decrease delays in receiving their medications. For medications with existing prior authorizations in place, the PA will remain active through the current expiration date. A copy of the new PDL will be posted July 2, 2007 to <http://tennessee.fhsc.com>. Feel free to share this information with all TennCare providers. The individual changes to the PDL are listed below. For more details on clinical criteria, please visit:

https://tennessee.fhsc.com/Downloads/provider/TNRx_PDL^{CC}_ST_QLL.pdf.
