

TennCare Prescriber Attestation List

Medications on this list can be approved for patients currently at their monthly prescription limit (> 5 prescriptions or >2 brand medications) who are at a high risk for adverse health consequences and could be hospitalized, institutionalized, or die, within the next ninety (90) days without the requested drug(s).

Please note: This list is independent of the preferred drug list (PDL) and other criteria. All drugs on this list are still subject to existing TennCare edits, including non-preferred status on the PDL, clinical criteria, step therapy criteria, and quantity limits.
