

At BlueCross BlueShield of Tennessee, Inc. we remain committed to working with our providers to ensure quality service to our members. It is our intent to make resources available to our providers that will help in this endeavor.

BlueCross BlueShield of Tennessee has adopted the American Academy of Neurology (AAN) Practice Parameter: Evidence-Based Guidelines for Migraine Headache as our recommended best practice reference for the management of migraine headaches. BlueCross BlueShield of Tennessee attests that the text and format of these compendia have not been altered in any way, nor is this adoption to be construed as a legal or required standard of care.

With permission from the AAN, BlueCross BlueShield of Tennessee has created a direct link from our Web site to the guidelines. We hope this will be both convenient and helpful to you in caring for your patients with migraine headaches. Paper copies of the guidelines are available upon request by calling 1-800-924-7141, extension 7282.
