Clinical Practice Guidelines Assessing/Managing the Suicidal Patient

At BlueCross BlueShield of Tennessee, Inc. we remain committed to working with our providers to ensure quality service to our members. It is our intent to make resources available to our providers that will help in this endeavor.

BlueCross BlueShield of Tennessee has adopted the Magellan Health Services Clinical Practice Guideline for Assessing and Managing the Suicidal Patient as our recommended best practice reference. BlueCross BlueShield of Tennessee attests that the text and format of these compendia have not been altered in any way, nor is this adoption to be construed as a legal or required standard of care.

With permission from the Magellan Health Services, BlueCross BlueShield of Tennessee has created a direct link from our Web site to the guidelines. We hope this will be both convenient and helpful to you in caring for your patients. Paper copies of the guidelines are available upon request by calling 1-800-924-7141, extension 6705.
