

## Drug Formulary Exclusions

effective 4/1/12

Most plans do not reimburse for the following products. Check your Evidence of Coverage for specific benefit information. Some plans may cover some or all of these drugs. If you have questions about this list, please contact BCBST.

There are available alternative products, many of which are generic equivalents or generic alternatives. If you decide to purchase this medication, your BluePerks benefit can be used to receive up to a 20% discount. If you do not have a BluePerks card, please use the link below: <http://www.bcbst.com/learn/blueperks/drugcard/>

The Pharmacy and Therapeutics Committee, consisting of pharmacists and physicians, some of whom are community practitioners, reviews medications for efficacy, safety, and cost. This clinical committee evaluates medications for addition and deletion from this list.
