Re: Advair® PDL Update

Effective Today, July 21, 2006, Advair® will become a non-preferred product on the Preferred Drug List for the TennCare Pharmacy Program. The current clinical criteria for Advair® will remain the same, as posted on the TennCare/First Health website.

The updated PDL can be downloaded at the TennCare/First Health website at <https://tennessee.fhsc.com>.

Thank you for your participation in the TennCare program and your commitment to assist your patients as we implement the reforms necessary to bring program costs in line with available funding.

Please forward or copy the information in this notice to all providers who may be affected by these processing changes.
