Premium Information

BlueCross BlueShield of Tennessee can only raise premiums if we raise the premium for all policies in the state of Tennessee. The premium rate is based on the beneficiary's age as of June 1 each year, and it increases annually as they move into the next age category. If they are not yet 65 but will be on their initial effective date, the premium rate will be the age 65 rate. If they are over 65 and enrolling or changing plans, their premium rate is based on their age as of June 1 on or before their initial effective date. The rate will increase by 10% if they move outside the state of Tennessee. Other than for age or moving out of the state, BlueCross will only adjust the rate if rates are adjusted for all like policies. Any rate adjustment will be made at the same time for all BlueElite customers who have the same policy.
