Reference

For services in the following categories, reference the provider type shown:

Category	Reference
Impacted Teeth and Accidental Injury to Teeth (other than by eating or chewing)	These are considered medical conditions To receive in-network benefits, please search for a surgeon within the "Oral & Maxillofacial Surgery" specialty category
Ear and Throat	See Otolaryngology
Ear, Nose and Throat	See Otorhinolaryngology
Family Physician	See General Practice, Family Practice, Internal Medicine
Independent Lab Supplies	See Acute Care Facilities and Durable Medical Equipment
Oral Surgery Prosthetic and Orthotic Sleep Disorder	See Oral & Maxillofacial Surgery, Durable Medical Equipment and Acute Care Facilities

If your doctor is in our directory, please check to see if:

- They're listed under the appropriate specialty for your health care needs
- The practice or facility where you see your provider is also in your network

Example: Your doctor may be in this directory under the specialty of Emergency Medicine However, if he or she is a family practitioner, please check to see if your doctor is still in your network under Family Medicine Also, verify that the practice or facility is in the network, too

The helpful index at the back of this directory can help make your search easier

Important Information

What is a provider network?

We work with certain doctors, health care practitioners, rehabilitation facilities, skilled nursing facilities, durable medical equipment suppliers, independent labs, hospices, home health agencies and other participating providers in Tennessee and some bordering counties to give you the best member discounts for care We call this your provider network

Providers in your network are committed to minimizing costs while making sure you get quality care They've agreed to follow guidelines that encourage using appropriate alternatives to more expensive hospital admissions

They've also agreed not to bill you for:

- Services that aren't medically necessary
- Inpatient services and certain outpatient services that aren't authorized prior to admission
- Any amounts above our maximum allowable charge, other than your coinsurance, deductibles and copayments

These providers have also agreed to accept discounted fees for their services These discounts not only enable your health plan to cover a larger portion of the claims providers submit, but they also reduce your share of the bill

About Your Network

When it comes to using your health care benefits, you can save on health care costs by staying in network

By going only to doctors and hospitals in your network, you pay lower copays and avoid other costs If you don't use a provider in your network, you'll:

- Pay a higher deductible, copay or coinsurance for out-of-network providers
- Pay the difference between what the doctor charges for care and what we pay (also known as balance billing) To avoid higher costs, confirm your doctor, hospital or urgent care center is in your network before receiving care

Get the Most Out of Your Benefits:

- It's important to always make sure your doctor or hospital is in your network All of our networks include quality doctors and hospitals that meet our strict requirements
- If you get care from a doctor or hospital not in your network, you will pay more for your care and we'll pay less, even in an emergency situation
- Most providers will let their patients know if they leave our networks, but you should always make sure your doctor is in your network before you make your next visit
- For the most up-to-date listing of providers, you can:
- Log in at **bcbst.com/findaprovider** Enter your starting location and then search for your provider by specialty, name or procedure through the search bar or browse through our explore options
- Download the BCBSTN℠ app on your smartphone from the Apple® App Store or Google Play®, then enter the information from your Member ID card
- Call us at the Member Service number on the back of your Member ID card

If Your Plan Allows for Out-of-Network Benefits:*

Here's an example of how you pay more with OUT-OF-NETWORK providers:

Hospital Bill:	$20,000
Blue Network Discount:	NONE
Maximum Allowable Charge:	$11,000

BlueCross Pays:	($6,600)
(60 percent** of the Maximum Allowable Charge)	
You Pay:	$13,400
(40 percent of the $11,000 Maximum Allowable Charge, plus $9,000 difference in the hospital's billed charge and the Maximum Allowable Charge)	

Here's an example of how you avoid paying more with IN-NETWORK providers:

Hospital Bill:	$20,000
Blue Network Discount:	($9,000)
Maximum Allowable Charge:	$11,000

BlueCross Pays: Applies only after member deductible is met (if applicable).	($8,800)
(80 percent** of the Maximum Allowable Charge)	
You Pay:	$2,200
(20 percent of the $11,000 Maximum Allowable Charge)	

* *Not all plans have out-of-network benefits. These plans won't cover non-emergency services from an out-of-network provider.*

** *This is an example. Your plan may be different.*

Finding a provider in your network

- To find a doctor, hospital or other health care provider using this directory, simply:
- Turn to the appropriate provider section (Physicians, Facilities, Rehabilitation, Urgent Care Centers, Retail Convenient Care Clinics, Medical Services, Independent Laboratories, Behavioral Health Providers or Pharmacies), or look up your provider by name in the Index.
- Depending on the section, providers are listed alphabetically within various categories such as specialty, county, facility type and provider name.
- Providers are added to networks daily, so it's important to check if a provider participates in your network before accepting services from them.
- For the most up-to-date listing of providers, visit **bcbst.com/findaprovider.**

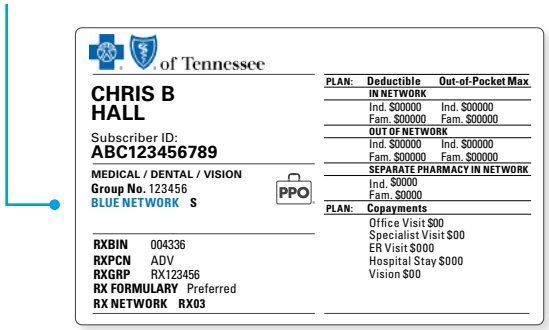
Using a provider network

Here are some tips to consider when visiting a provider in your network.

- Show your Member ID card each time you see a network provider. Your Member ID card has helpful information such as copay amounts, if applicable, and your plan's network.
- Before you get care from any health care provider, make sure he or she is in your network. Be specific when asking providers if they participate in your network.
- Don't assume your doctor will only refer you to specialists, hospitals and/or other health care providers in your network. Make sure all of your referred providers are in your network before you get care from them.

For services outside of Tennessee

- Call 1-800-810-BLUE if you are outside of Tennessee to find a network provider This number is on the back of your Member ID card



Please consider...

- For more details about your health plan, please look at your Evidence of Coverage (EOC) or policy online by logging in to **bcbst.com**
- We don't provide or endorse services from participating providers, nor guarantee a provider's quality of service Listing in this directory does not mean that BlueCross and participating providers are employer and employee, principal and agent, or any relation other than that of independent parties

Pharmacy

Participating pharmacies belong to a specific network (example: RX03) To receive the highest level of benefits from your pharmacy plan, only go to pharmacies that participate in your plan's specific pharmacy network Getting prescription drugs from out-of-network pharmacies will mean that you pay higher out-of-pocket costs

Look for your health plan's Blue Network in the lower left corner of your BlueCross Member ID card This letter (E, L, P or S) identifies your plan's specific network of providers

To find your plan's pharmacy network (example: RX03), look on the front of your Member ID card

Top-quality hospitals and doctors for specialty care

Complicated surgeries – and their results – can vary significantly from one hospital to another You need the facts so you can make smart decisions about where to go for your specialty care

Blue Distinction is a special, quality-based designation given to certain doctors, hospitals and other health facilities nationwide that deliver proven results for quality care and treatment on specific specialty procedures Blue Distinction makes it easier for you to choose providers who deliver higher-quality care at a lower cost

- More than 140 Blue Distinction providers are available in Tennessee for these types of specialty care:
  - Cardiac Care
  - Spine Surgery
  - Bariatric Surgery
  - Transplants
  - Cancer Care
  - Knee and Hip Replacements
  - Fertility Care
  - Maternity Care
  - Substance Use Treatment and Recovery
- Blue Distinction gives you the tools and results for complex surgeries, treatments and procedures We've made it easy to locate the Blue Distinction Centers near you:
- Look for the Blue Distinction asterisk (*) symbol when you search for hospitals or care centers in this directory

Facilities

(Listed alphabetically by county)

What you'll find in this section:

- Acute Care Hospital
- Ambulatory Surgical Facility
- Skilled Nursing Facility (SNF)
- Birthing Center

NOTE: Many acute care clinics offer:

- Independent laboratory
- Rehabilitation
- Sleep disorder services

An acute care clinic can be an emergency room, ambulatory care clinic or other short-term stay facility

Remember

A provider's status may change at any time This list is as correct as possible at the time of printing

To make sure a doctor or facility is in your network:

- Log in at **bcbst.com/findaprovider** Enter your starting location and then search for your provider by specialty, name or procedure through the search bar or browse through our explore options
- Download the BCBSTN app on your smartphone from the Apple App Store or Google Play, then enter the information from your Member ID card
- Call us at the Member Service number on the back of your Member ID card

Physicians and Health Professionals

(Listed alphabetically by county
Specialties are listed alphabetically under each county)

For ear and throat care, see Otolaryngology For family doctor services, see General Practice, Family Practice and Internal Medicine

In the directory, the doctor's area of specialty helps you pick the right doctor for you However, we don't endorse a doctor's education, skill or experience in a special area of medical practice

Network doctors have agreed to give their patients services 24 hours a day, seven days a week If you call the office and your doctor is out, he or she will have another doctor available to care for you

Some doctors will have "extended hours available" listed after their names This shows whose offices are open past normal business hours Please check with the doctor's office for details

Remember

A provider's status may change at any time This list is as correct as possible at the time of printing

To make sure a doctor or facility is in your network:

- Log in at **bcbst.com/findaprovider** Enter your starting location and then search for your provider by specialty, name or procedure through the search bar or browse through our explore options
- Download the BCBSTN app on your smartphone from the Apple App Store or Google Play, then enter the information from your Member ID card
- Call us at the Member Service number on the back of your Member ID card

Doctors join and leave the network from time to time Also, hospital-based doctors aren't in this directory because of their internal non-credentialed status Credentialing of hospital-based doctors is the duty of the facility where they practice Be sure to check to see if the doctors and facilities are still in the network when you call the office to get care
