

Your Health Care FSA

A FLEXIBLE SPENDING ACCOUNT FOR HEALTH AND MEDICAL EXPENSES

Even the healthiest of families have routine medical expenses that add up each year – like copays, prescriptions, new glasses and dental costs. Enjoy the tax-saving benefits of a Flexible Spending Account (FSA) from BlueCross BlueShield of Tennessee. An FSA is specifically designed to work with your health plan to help you plan and save for your health expenses.

WHAT IS AN FSA?

An FSA allows you to set aside money specifically to pay health care expenses for you or your family. An FSA can help you save money because you fund it with pre-tax dollars.

With a Health Care FSA, you can:

- Plan ahead for your health care expenses
- Use easy payroll deduction to fund your FSA
- Reduce your taxable income and save on taxes
- Have money on hand for your health and medical needs

THE EASY WAY TO SAVE FOR YOUR
HEALTH AND MEDICAL EXPENSES

WHAT YOU SHOULD KNOW ABOUT A HEALTH CARE FSA

QUALIFIED EXPENSES

Health care FSA funds are available only for qualified health care expenses. For example, your FSA could pay for services like:

- Deductibles
- Copays
- Coinsurance
- Dental and vision care
- Glasses, contact lenses, braces and hearing aids
- Prescription drugs
- Over-the-counter medications (if prescribed by your doctor)

FSA FUNDS EXPIRE AFTER ONE YEAR

The goal is to contribute only as much money as you will spend on health expenses for one year. While the IRS allows you to contribute up to \$2,600 in 2017 or \$2,650 in 2018, health care FSA funds do not carry over to the next year, unless your employer has selected a grace period or rollover provision.

YOUR CONTRIBUTION AMOUNT

Estimating the right amount to contribute to your FSA is very important because you only want to put in what you will use. Start by reviewing your health care expenses (including dental and vision costs) for the past two years.

Use your Personal Health Statements in BlueAccess, the secure member area of **bcbst.com**. They give you full details of all your health care claims and expenses, including dental and vision, for the past two years.

CONTRIBUTION CHANGES

You can change your contribution amount only if you have a qualifying event or family status change, such as a:

- Marriage
- Divorce
- Birth
- Adoption
- Job change

HOW HEALTH CARE FSAs WORK

FUNDING YOUR FSA

- 1 Decide how much money you want to put in the FSA (up to \$2,600 in 2017 or \$2,650 in 2018).
- 2 Ask your employer to withhold an equal part of that amount each pay period, which will go into your FSA before taxes.
- 3 Use your FSA funds throughout the year to pay for qualified health care expenses.
- 4 Remember, your FSA funds do not carry over, so make sure you spend all of your money by the end of the year.

USING YOUR FSA

- 1 Visit a provider in your network.
- 2 Pay the provider for your care.
- 3 The provider will submit a claim to BlueCross.
- 4 BlueCross will automatically reimburse you from your FSA. If you want more control over your FSA, you can manually file claims for only the expenses you want the FSA to cover.

You can easily check your claims and FSA balance anytime using BlueAccessSM, the secure member section of bcbst.com.

A FLEXIBLE SPENDING ACCOUNT CAN HELP YOU SAVE ON TAXES

HERE'S AN EXAMPLE OF HOW YOU SAVE WITH AN FSA

John looks at his family's health care needs for next year. He estimates they will spend at least \$2,650 for copays, deductibles, out-of-pocket drug costs, eyeglasses for his son and wife, as well as braces for his daughter. Funding an FSA will help him pay for care with pre-tax dollars.

HOW JOHN SAVES	With an FSA (pre-tax dollars)	Without an FSA (after-tax dollars)
Annual Earnings	\$ 30,000.00	\$ 30,000
Pre-Tax Contribution	\$ 2,650.00	
Taxable Income	\$ 27,350.00	\$ 30,000
Taxes*	\$ 6,837.50	\$ 7,500
Take-Home Pay	\$ 20,512.50	\$ 22,500
Health Care Costs		\$ 2,650
Spendable Income	\$ 20,512.50	\$ 19,850
JOHN'S SAVINGS	\$ 662.50	

*Based on a 25% tax rate (includes federal, state and Social Security/FICA)

John's expenses are the same with or without an FSA, but by funding a health care FSA with pre-tax dollars, he saves **\$662.50**.
