Blue Network PSM Provider Directory

This directory lists the providers who were in Blue Network PSM at the time the directory was published. Before you get care from a provider, please confirm they're in your network. A provider may not be in your network, even if they practice at a facility that is.

A provider's status may change at any time. This list is as current as possible at the time of publication. Please keep in mind you won't be able to change your enrollment mid-year if there are changes to your network.

To make sure a provider or facility is in Network P:

- › Call us at **1-800-558-6213**.
- › Visit **bcbst.com/FindADoctor** and log in to search for providers by name, specialty or procedure. You can also browse providers by category.
 - You can create a personalized directory of your results. After you browse by category or search for results, scroll to the bottom of the page. Click **Share**. Then, type in your email and click **Send Email**. We'll email your directory to you. You can also copy the directory link by clicking **Copy Link**.
- › Download the **BCBSTNSM** app on your smartphone from the Apple® App Store or Google Play®, then enter the information from your Member ID card.

If you get a provider bill that says you owe more than your member cost share for emergency services or for out-of-network care you got at an in-network facility, call the number on the back of your Member ID card.

Rehabilitation

(Listed alphabetically by county.

Specialties are listed alphabetically under each county.)

Providers and services in this section:

- › Ambulatory Health Care Facilities - Rehabilitation, Comprehensive Outpatient Rehabilitation Facility
- › Audiologist
- › Occupational Therapist
- › Physical Medicine & Rehabilitation
- › Physical Therapist
- › Speech-Language Pathologist

Please look at the Facilities section of this directory for more health care professionals who offer rehabilitation services.

Remember

Before you get care from a provider, please confirm they're in your network. A provider may not be in your network, even if they practice at a facility that is.

A provider's status may change at any time. This list is as current as possible at the time of publication. Please keep in mind you won't be able to change your enrollment mid-year if there are changes to your network.

To make sure a provider or facility is in Network P:

- › Call us at **1-800-558-6213**.
- › Visit **[bcbst.com/FindADoctor](https://www.bcbst.com/FindADoctor)** and log in to search for providers by name, specialty or procedure. You can also browse providers by category.
- › Download the **BCBSTN** app on your smartphone from the Apple® App Store or Google Play®, then enter the information from your Member ID card.

Urgent Care Centers

(Listed alphabetically by county.

Specialties are listed alphabetically under each county.)

You can go to an urgent care center if you need health care at night or on weekends. Urgent care is care that's important, but not life-threatening.

Urgent care situations include:

- › Hard time breathing
- › Nose bleed that lasts for a long time
- › Short-term high fever
- › Cuts needing stitches
- › Strains, sprains and fractures

Remember

Before you get care from a provider, please confirm they're in your network. A provider may not be in your network, even if they practice at a facility that is.

A provider's status may change at any time. This list is as current as possible at the time of publication. Please keep in mind you won't be able to change your enrollment mid-year if there are changes to your network.

To make sure a provider or facility is in Network P:

- › Call us at **1-800-558-6213**.
- › Visit **bcbst.com/FindADoctor** and log in to search for providers by name, specialty or procedure. You can also browse providers by category.
- › Download the **BCBSTN** app on your smartphone from the Apple® App Store or Google Play®, then enter the information from your Member ID card.

Retail Convenient Care Clinics

Some Network P pharmacies have health clinics you can go to when your provider isn't available or it's after business hours. These clinics are quick and conveniently located, and they're less expensive than a hospital ER.

These clinics are usually staffed by nurse practitioners and physicians' assistants. They give fast care for common conditions like sinus infections, sore throats, urinary tract infections and minor illnesses or injuries.

Remember

Before you get care from a provider, please confirm they're in your network. A provider may not be in your network, even if they practice at a facility that is.

A provider's status may change at any time. This list is as current as possible at the time of publication. Please keep in mind you won't be able to change your enrollment mid-year if there are changes to your network.

To make sure a provider or facility is in Network P:

- › Visit **bcbst.com/FindADoctor** and log in to search for providers by name, specialty or procedure. You can also browse providers by category.
- › Download the **BCBSTN** app on your smartphone from the Apple® App Store or Google Play®, then enter the information from your Member ID card.

Physicians and Health Professionals

(Listed alphabetically by county. Specialties are listed alphabetically under each county.)

For ear and throat care, see Otolaryngology. For family physician services, see General Practice or Internal Medicine.

We list the provider's specialty to help you find the right care. However, we don't endorse a provider's education, skill or experience in a special area of medical practice.

Network providers have agreed to give their patients services 24 hours a day, seven days a week. Many providers' offices use an answering service after hours. Leave a number where the provider can call you back. If you call the office and your provider is out, they'll have another provider available to care for you.

Some providers will have extended hours available listed after their names. This shows whose offices are open past normal business hours. Please check with the provider's office for details.

Remember

Before you get care from a provider, please confirm they're in your network. A provider may not be in your network, even if they practice at a facility that is.

A provider's status may change at any time. This list is as current as possible at the time of publication. Please keep in mind you won't be able to change your enrollment mid-year if there are changes to your network

To make sure a provider or facility is in Network P:

- › Call us at **1-800-558-6213**.
- › Visit **bcbst.com/FindADoctor** and log in to search for providers by name, specialty or procedure. You can also browse providers by category.
- › Download the **BCBSTN** app on your smartphone from the Apple® App Store or Google Play®, then enter the information from your BlueCross BlueShield of Tennessee Member ID card.

Providers join and leave the network from time to time. Also, hospital-based providers aren't in this directory because of their internal non-credentialed status. Credentialing of hospital-based providers is the duty of the facility where they practice. Be sure to check to see if the providers and facilities are still in the network when you call the office to get care.
