How to Use This Handbook

If you need interpretation/translation services, please call Doral at 1-888-233-5935. We can provide a translator for you over the phone. Interpretation and translation services are free.

This handbook will tell you all about your dental plan. It tells you what to do to schedule an appointment. It tells you what is covered by your dental plan. It gives you phone numbers that you will need to call to get more information. All of the things that you need to know about your dental program are in this handbook.

Enrollment

You do not need a new TennCareSM card. The TennCareSM card you have will still work for dental care. **TennCareSM will not pay for services received before the effective date on your ID card. Services received before the effective date on your ID card will not be covered by TennCareSM.** The effective date on your ID card will tell you when you are starting the TennCareSM dental plan.

While you are eligible for the TennCareSM dental plan, you will receive newsletters and other items. Please read them. They will contain interesting facts that will help you take care of your teeth.

If your TennCareSM enrollment ends, you will be sent a letter saying that you are no longer covered by the TennCareSM health plan. This also means that you are no longer covered by Doral Dental. **The date stated by the letter will be the last day that you will be covered by TennCareSM. Any services received after the termination date on the letter will not be paid by TennCareSM. You will have to pay for any services received after the termination date on the letter.**

The effective date on your ID card will tell you when you are starting the TennCareSM Program. You will use the same card and effective date for your dental services. You will not get a new card in the mail.

Coverage

Some services will need to be approved by Doral before you can get them. Services that were approved by any of the TennCareSM plans will be paid by Doral. An approval that you got from a plan not in the TennCareSM program will not be valid.

TennCareSM will only cover services you need to stay healthy.

Members Under 21 Years Old

TennCareSM members under 21 years old are covered for a lot of services under the TennCareSM program. Members can get two dental exams and two cleanings per year and all medically necessary services. The exams will be used to see if other services are needed. Some of the services that are available to you include:

- Fluoride treatments
- Cleanings
- X-rays
- Crowns (some caps)
- Root canal treatments
- Anesthesia
- Some sealants
- Space maintainers
- Fillings
- Braces (if qualified)
- Extractions (tooth pulling)
- Oral disease services

Your dentist will tell you if a service is going to be paid by TennCareSM or not before they treat you.

Non-medically Necessary Services

You will be responsible to pay for any non-covered, non-medically necessary dental service that you agree to pay the dentist for before the service is done.

Preventive Services

NO ONE HAS TO PAY A COPAYMENT FOR COVERED PREVENTIVE SERVICES.

Preventive services can be seen in this table for members under the age of 21:

Tooth cleaning for members under 21 years old
Fluoride treatment for members under 21 years old
Nutritional Counseling for Control of Dental Disease
Tobacco Counseling for the Control and Prevention of Oral Disease
Tooth Care Instructions
Sealant per Tooth

Under EPSDT (Early and Periodic Screening, Diagnosis and Treatment) for children under 21 TennCareSM covers:

Regular, periodic visits to the doctor to see if the child is developing normally and to see if he or she has any physical or mental problems. This is called a "screening" and needs to happen according to a regular schedule. **For example, children from birth through age 2 are entitled to 11 "screens"; from age 3 through 11- 7 "screens" and from age 12 through 20- 9 "screens".** In addition, a child is entitled to a "screening" whenever the child is referred to a doctor by someone such as a teacher who notices a change which might require a "screening"; and treatment, including rehabilitation, for any health problems (physical, mental or developmental) discovered during a "screening"; and regular visits to a dentist for checkups and treatment; and immunizations (shots) for diphtheria, tetanus, pertussis, polio, measles, mumps and HIB flu: and lab tests for lead in blood and sickle cell anemia if the child is in a situation that might put him or her at risk for either or both.

Members 21 Years Old and Over

TennCareSM does not pay for dental services for members 21 years and older **except** for services needed as a result of the following:

- Accidental injury* to mouth and natural teeth
- Certain harmful growths in the mouth
- Life threatening infection
- Accidental injury* to tooth replacements (Bridges, Dentures and Implants)
- Removal of impacted wisdom teeth

****Accidental injury must be caused by an external force such as a car accident or another unnatural occurrence. Prior authorization will be given to members with medical necessity.***

If you need dental services due to one of these conditions, please contact Doral Dental. Our phone number is 1-888-233-5935. We will find you a dentist who will do an exam and x-rays. The dentist will let you know what steps you need to take to fix the problem. The dentist will be able to tell you if the services that you need are covered.

Doral Dental will help you find a dentist or dental specialist. There are many dentists that are available to treat you.

- To misrepresent, impersonate, or to conceal any fact that would cause TennCareSM to provide coverage when a person is not otherwise eligible
- To get or help someone get additional benefits or benefits at a higher level than for which they are entitled to receive
- For any individual or business to make a false statement about a person's health status or eligibility for health insurance

Your Appeal Rights

1. You have the right to appeal if you cannot get the health care you need when you need it. You can appeal even **if you do not have a doctor** to prescribe what you need. An appeal can help you get the care you need. You have 30 days to appeal. The 30 days start when you find out there is a problem.
2. If you appeal, someone else will take a look at what you need. They will try to fix it quickly. If they cannot, you will get a chance to tell your side of the story to someone who does not work for TennCareSM.
3. You have the right to get a letter from us if we (1) do not give you care, or (2) stop or cut your care, or (3) make you wait too long for medical care. The letter must say why we decided this and what you can do about it.

4. You have the right to get an answer when you need it. You need your TennCareSM health plan's okay ahead of time for certain types of care. If we take longer than 21 days to decide, we **MUST** give you the care you asked for. You can appeal before the end of the 21 days if the care you need cannot wait that long. Be sure to ask for a fast appeal.
5. You can get a fast appeal in some cases. You or your doctor must think the care is needed right away. Tell TennCareSM why you need a fast appeal.
6. If you are already getting care, you may be able to keep getting it during the appeal. To do this, you must appeal by the date your care will be cut or stopped (usually 2 or 10 days). You must say that you want to keep getting the care during the appeal. **If you must have a doctor's order or prescription for the care, you can only keep getting the care if you have a doctor's order or prescription.** If the appeal is decided against you, you might have to repay TennCareSM for the cost of the care you got during your appeal.
7. In most cases, you have a right to get medicine even if the drug store says TennCareSM does not cover this drug. You may get a different drug that your doctor has OK'd. If not, you will get some of the drug your doctor ordered. **NOTE: You will not get the medicine if:**

It would not be safe for you, OR
 It is a drug that does not work, OR
 It is a drug that is part of a group of drugs that TennCareSM does not cover for adults.

8. You may have the right to be told before we cut the care you are getting. If we decide to cut your care, you have the right to be warned in writing 10 days before it happens. If your DOCTOR wants to cut your

medical care, you have the right to a two-day warning IF:

- a) You are getting inpatient psychiatric or residential services; OR
- b) Your TennCareSM health plan cannot get the care right away that you need next for your long-term health problem; OR
- c) You are getting home health services

If we do not tell you in time, we **CANNOT** cut your care.

9. You have the right to have TennCareSM pay your medical bills. Are you getting bills that TennCareSM should pay for? You must appeal within 30 days after you get the bill.

Your TennCareSM Hearing Rights

You have the right to:

1. Have a hearing if your problem is not fixed
2. Know about the hearing 3 weeks ahead of time (1 week for fast appeals)
3. Be at the hearing in person or by phone
4. Speak for yourself at the hearing
5. Have someone help you at the hearing
6. See the information TennCareSM and your health plan used to decide about your care. You can see this before the hearing.
7. Look at your medical records and use them as proof
8. Give the judge proof about your health and medical care
9. Bring witnesses to testify for you
10. Have the judge order your witnesses to come
11. Question witnesses for TennCareSM
12. Show proof that the health plan made the wrong decision
13. Ask to have a doctor who does not work for TennCareSM say what medical care you need. You do not have to pay for this.
14. Get a written decision in 90 days (31 days if it was a fast appeal). If the decision is late, you can get medical care until the decision is made. This is **NOT** true if you are the reason the decision is late.

Important Rights If You Have a Health Problem

Are you getting health insurance after TennCareSM? Because you had TennCareSM, the law gives you certain rights when you apply for other insurance. To get these rights, you have to prove that you had TennCareSM. To prove that you had TennCareSM, you need a "Certificate of Group Health Plan Coverage."

We will give you this Certificate if you ask. A replacement certificate is available if you need one. Call the TennCareSM Information

Line at 1-800-669-1851. This is a free call. In Nashville, call 741-4800.

Voluntarily Leaving the TennCareSM Program

You can leave the TennCareSM program at any time. If you would like to leave the program, and end your TennCareSM benefits, please call TennCareSM at 1-800-669-1851. TennCareSM will tell Doral to end your benefits after they have talked to you. Here are some of the reasons you would leave the TennCareSM program:

- You no longer qualify for TennCareSM eligibility
- You are able to pay for copayments, but do not do so
- You move out of the service area
- You are found to have abused your TennCareSM services by letting someone else use your TennCareSM ID card
- You obtain TennCareSM eligibility by: fraud, misrepresentation, deception or eligibility cannot be verified
- The Bureau of TennCareSM cannot locate you
- Death

Changing Your Address, Name or Other Information

When you move or change your name, you need to let TennCareSM know right away. Send any of these changes to:

The Bureau of TennCareSM
P.O. Box 22630
Nashville, TN 37202-2630

First tell TennCareSM what your current name, address and phone number are. Then tell them what information you want to change.

Transportation

If you need transportation, please call Doral at 1-888-233-5935. We can give you the phone number of the people you can call to get a ride to your dental appointment. This ride will not cost you anything. You can get a ride for an emergency by calling 911 or a local ambulance service.

Advance Directives

When people are very sick, it is possible for machines and medicine to keep them alive when they might otherwise die. Under the Tennessee Right to Natural Death Act, you have the right to decide if you want to be kept alive by these machines and medicine and for how long. You can do this with a "living will."

A living will must be filled out while you can still think for yourself. Your living will needs to be signed in front of two people. These people cannot be:

1. Related to you by blood or marriage
2. Entitled to any of your belongings after you die
3. Your doctor or the employees in their office where you are a patient

You should make three copies of your living will. They should be kept:

1. With your Primary Care Physician (PCP)
2. A person you trust to make medical decisions for you and
3. With your other important papers

Once you sign your living will, it is your rule even if you are unable to speak. If you would like to change your living will, you can at any time while you can still speak for yourself. You can find living will forms in your MCO member handbook. You can fill those forms out if you like.

Copayment (or Copay)

A copayment is when you have to pay any part of your bill each time you get certain dental services. This is a fixed charge. TennCareSM sets the copay amounts based on your income. Not all members have a copay. To find out what your copay is, please call Doral at 1-888-233-5935. We will tell you how much money to bring with you to your dental appointment, or you can look at the copay table below. You will never have a copay for "preventive services." If you would like to know if the service that you are going to get is a "preventive service," please refer to the table on page 5 or call Doral. For example, if you go to the dentist on Monday and have a filling, you will have to pay your copay of (\$0, \$15, or \$25) and Doral will pay the rest. If you go back to the dentist on Tuesday and have another filling, you will have to pay your copay of (\$0, \$15, or \$25) and Doral will pay the rest.

You are responsible for your assigned copayment prior to your dental treatment. If you do not pay your copay, your dental provider, TennCareSM or Doral may utilize whatever legal actions are available to collect these copay amounts. **HOWEVER, NO ONE – NO MATTER WHAT HIS OR HER INCOME IS – WILL HAVE TO PAY A COPAYMENT FOR MEDICALLY NECESSARY PREVENTIVE CARE.**

Before January 1, 2003	0% - 100% of Poverty	101% - 199% of Poverty	200% and over of Poverty
Dental cost per visit	\$0	\$15	\$25
After January 1, 2003	0% - 100 % of Poverty	101% - 199% of Poverty	200% and over of Poverty
Dental cost per visit	\$0	\$15	\$15

Maximum Out of Pocket Expenses

TennCareSM will not make you pay more than a set amount for the year in copayments. Once you have paid enough copayments that you have reached your "maximum," you will not have any more copayments for covered services for that year. To find out if you have reached your maximum copayment limit, please contact Doral at 1-888-233-5935, or you can look at the Maximum Limit table below. This is a fixed limit. TennCareSM sets the limit amounts. Not all members have a maximum.

After October 1, 2003	0% - 100% of Poverty	101% - 199% of Poverty	200% and over of Poverty
	No Maximum, because there is no copay	\$1,000 for individuals; \$2,000 for families	\$2,000 for individuals; \$4,000 for families

None of the dentists or other specialists in our plan can refuse to give you medically necessary service because you fail to pay your copayments. But if you are able to pay and are simply unwilling to pay them, we will ask TennCareSM to take you off our plan. This is called disenrollment.
