30140	30930	BCBST	30140 involves removing part or all of the turbinate bone, in which portions of the turbinate bone are chiseled or broken off with forceps. 30930 is a subset of 30140 to address billing for this inherent fracturing of the turbinate bone. It may be appropriate to reimburse 30930, however, if review indicates that 30930 was performed on a separate turbinate and was clinically indicated.
