21046	00170	BCBST	The edited code is a component of the listed code if used to report minor anesthesia services provided as part of the listed procedure. As per CPT Surgical Package Definition, local infiltration, metacarpal/metatarsal/digital block or topical anesthesia is included in the surgical package. Similar listed codes with edit disallowed according to NCCI anesthesia included in surgical procedures policy, which indicates that when anesthesia is provided by the physician performing the primary service, the anesthesia services are included in the primary procedure.
