1. Open the Control Panel.
2. Double click Add/Remove Programs.
3. Click Add/Remove Windows Components.
4. Click Accessories and Utilities. Then click Details.
5. Click Communications. Then click Details.
6. Check the box next to HyperTerminal. Click OK.
   **Important Note:** If the HyperTerminal option does not appear, contact your local Administrator to assist in installing HyperTerminal. The Windows Installation CD may be needed.
7. Open HyperTerminal.
HyperTerminal Installation for Windows 2000

1. Open the Control Panel.
2. Double click Add/Remove Programs.

3. Click Add/Remove Windows Components.
4. Click Accessories and Utilities. Then click Details.
Windows Components

You can add or remove components of Windows 2000.

To add or remove a component, click the checkbox. A shaded box means that only part of the component will be installed. To see what's included in a component, click Details.
